

Student Login Steps

Display or share the class code that is generated when you create a class.

Students will use the following steps in order to register for access.

Step 1 - Access student login page at: student.breakoutedu.com

Step 2 - Click on the SIGN UP button.

Step 3

Input the class code provided by the teacher and click next.

Step 4

Input First Name, Last Name initial and desired Username (between six and ten characters) then click next.
NOTE: The username will be displayed in class.

Step 5

Pick a password (minimum six characters) and carefully type it into both fields. Press next when complete.

Step 6

Confirm the information on screen is correct. If needed, go back and make any necessary changes. If correct, click next.
