

PROFESSIONAL DEVELOPMENT DAYS

Kindergarten children enrolled in our Monday, Wednesday, Friday program will now have care for all Friday professional development days.

It is our vision that each child who comes through our door joins a community of children, families and teachers engaged in the joy, work, and wonder of childhood.

EDUCATED STAFF

Your child will have a certified educator in Early Childhood Development. Our program will serve as a learning ground for new ECD students to fulfill their practicum under trained leaders in the field. Feel free to ask staff about your child's development and for resources.

To learn more about us or tour the centre please contact us!

*Children learn as they play.
Most importantly in play
children learn how to learn.*

Children learn as they play. Most importantly in play children learn how to learn

Why do we recognize children as mighty learners?

Children in an early childhood setting learn through exploration and play invitation. Our daily experiences will build on each child's current level of understanding. Staff through observation and engagement, will build programming to enhance, and enrich each child's experience.

Nurturing a Love for Nature

The early childhood educator will work in partnership with community partners to enrich this program with nature encounters and special guests. Teaching children to be stewards to our Earth will be a large part of their learning. Staff will work with the Curriculum Framework creating play, possibilities and participation for all developmental domains. This holistic approach to teaching is the foundation of early childhood education.

PROGRAM DIVERSITY

Children will have experiences incorporating music, swimming, nature, gross and fine motor practice. Special guests and mini field trips will also be woven into your child's experience.

NATURE BASED EXPERIENCES

MUSICAL ENGAGEMENT

SPECIAL GUEST STORY TIME

NATURE EXCURSION

As this program grows we will strive for excellence in building strong relationships with our children, families and community. Your ideas and knowledge are welcome and aid in building a strong foundation for your child.

NUTRITION

Healthy eating is the key to a mind and body ready to learn. Children in our half day program will need to bring a snack with them. A water bottle to keep at the program and any other beverages that are healthy in nature. See our list of acceptable snacks or inquire to staff.

Subsidy available to qualifying families to attend Mighty Learners Programing

** currently in licensing approval process for construction**

Parents who qualify for provincial subsidies will can access to these funds to support fees for programming. Administrative Staff at ECDC can provide more info for this application process. Even when attending half day you can apply for partial subsidy.
