

Can't Find What You Want?

If you can't find what you want in the TRACpac catalogue, your library card allows you to search the **Alberta Relais** database.

Searching this database lets you see and request materials from most Alberta libraries (cities, universities, community colleges, and those libraries not part of TRAC). To **Request** a book, go to

<https://alberta.relaisd2d.com/?LS=ASGY>

For further information or assistance, please contact your local library or regional library system.

TRAC is a partnership of Marigold Library System, Northern Lights Library System, Peace Library System and Yellowhead Regional Library and their member libraries.
